CONGRATS ON ACHIEVING YOUR *NERDIO NMM-200 CERTIFIED ENGINEER* STATUS!

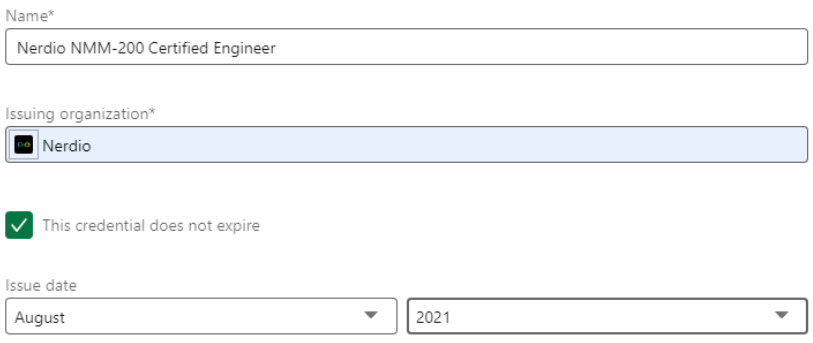
Now it's time to celebrate and brag a little.

If you've never added a certification, you'll first want to add a Licenses and Certifications section via LinkedIn.

To add your NERDIO Certification please follow the steps below:

1. Click the **Me** icon at the top of your LinkedIn homepage, then **View profile.**
2. Scroll down to the Licenses and Certifications section
3. Click the +(Add) button
4. In the **Add licenses & certifications** pop-up that appears, enter your information into the fields provided.
    1. Name = "Nerdio **NMM-200** Certified Engineer"
    2. Issuing Organization field - Be sure to select **Nerdio** from the option list.
    3. **Credential ID** and **Credential URL** can be left empty
5. Click **Save.**

Example:



nerdio
